Short description of the NA:

Tempus Public Foundation (TPF) is a non-profit organization established in 1996 by the Hungarian Government, with the task of managing international cooperation programmes and special projects in the field of education, training and EU-related issues.

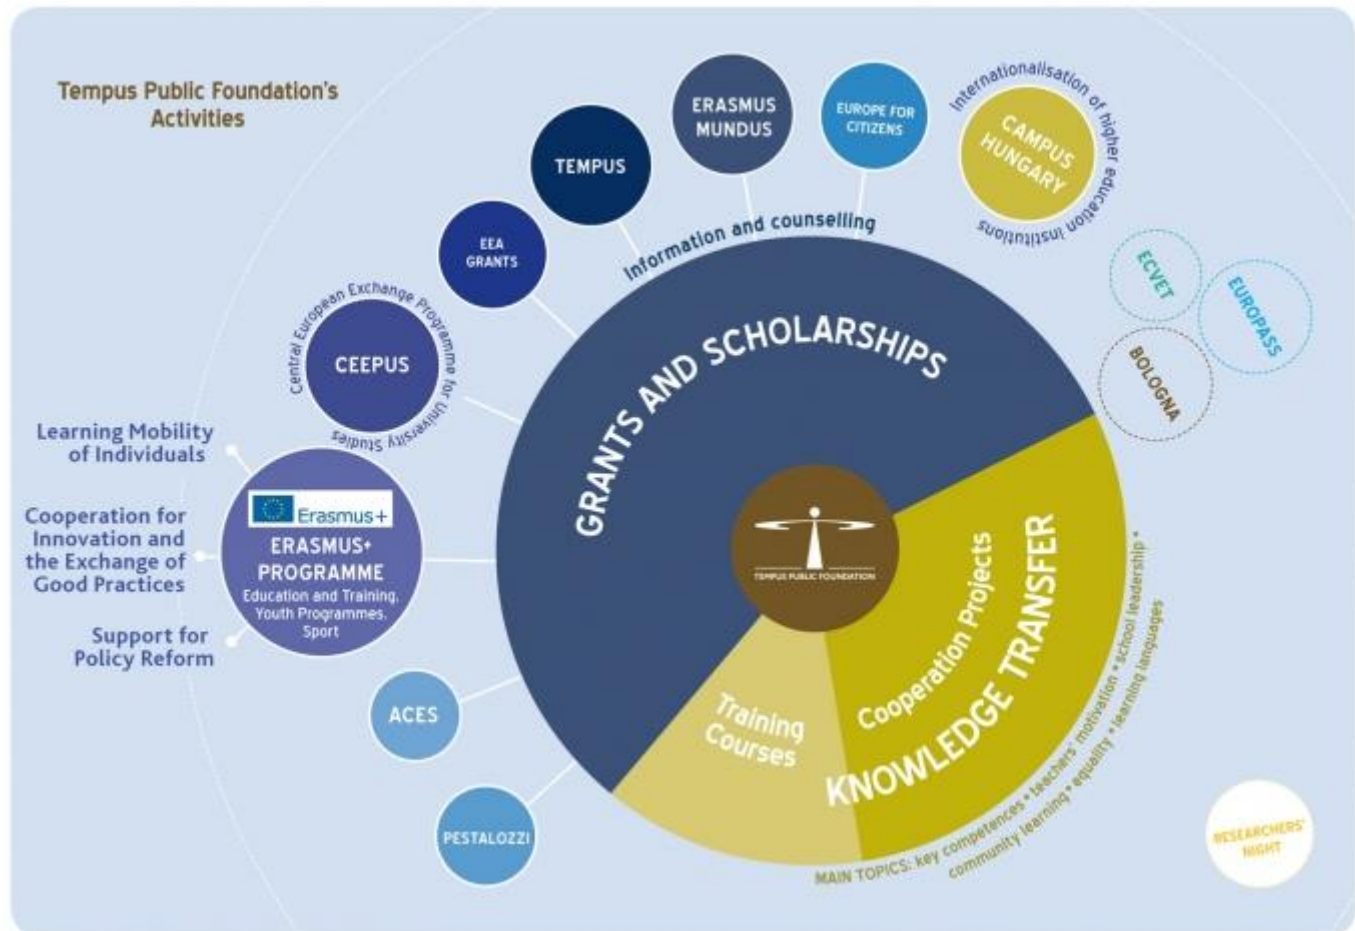

Objectives

TPF aims at

- supporting initiatives aiming at the modernization and quality improvement of education, training and human resources development,

- encouraging international cooperation and mobility,
- strengthening the European dimension in these fields.

Activities

Management of scholarship and cooperation programmes

- Promoting the programmes
- Assistance and consultancy services
- Active role in partnership building
- Financial management
- Monitoring
- Dissemination and valorisation

Knowledge centre

- Provision of structured information on education and training policies
- Initiatives for improving mobility and other internationalization measures
- EU2020 related projects
- Thematic conferences and publications
- Joint actions with partner organizations
- Training courses

International activities

TPF is intensively involved in international activities, in order to encourage foreign institutions to cooperate with Hungarian partners on the one hand, and to make known the achievements at European level on the other.

International activities include:

- help in partner search,
- a guide for international students, teachers and researchers (available on-line at www.studyinhungary.hu),
- taking part in international projects and bilateral cooperation as partner or coordinator,
- active role in dissemination projects funded by the European Commission,
- active participation in the implementation of the Lisbon Strategy.

2) Overview on EU-funded education projects

This chapter focusses on EU-funded education programmes, especially the Lifelong Learning Programme 2006-2013. It aims to offer statistic data and information in the already closed Leonardo da Vinci programme.

Please try to answer the following questions based on LLP (*If your country hasn't been involved in the Lifelong Learning Programme, please choose other programmes with education-projects and answer the same questions as before.*)

- *How many Leonardo da Vinci "Transfer of Innovation (TOI)" projects were conducted in the funding period 2006-2013?*

33

- *How many projects per year in average?*

3) Existing evaluation tools

This part of the pre-analysis report tries to detect existing evaluation tools in the field of project management which could be interesting for the development-phase of the ToI³ project.

Please search for existing evaluation tools or structures in your country which could be useful for our project.

Describe them as follows (use copy/paste):

Name of the tool: *We don't have any evaluation tools*

4) Data privacy law on a national level

This part will be used for preparing the data privacy statement for the project. The TOI-TOI-TOI data privacy statement has to cover many different national laws under the “umbrella” of the European data privacy law. So please look for possible data privacy contracts and paragraphs, compare them with the EU-data privacy law and try to describe the things which have to be included in our project.

This link will help you in comparing national paragraphs with EU standards:
